

IQ68Q885 VD 53B

Use of the chronograph:

Press button **A** ; the chronograph starts running.
Press button **A** again; the chronograph will stop.
To reset, press button **B**.

Setting the time:

Pull out the crown completely;
By turning the crown the time can be set.
By pulling out the crown just one step, the date can be set.

Aligning the chronograph:

After a battery-change for instance it's possible that the seconds-counter isn't on the "0" position.

This can be helped by:

Pulling out the crown completely;
Press button **A**. Keep pressing it till the seconds-counter reaches "0".

Explanation of dials and counters:

Left : the minute-counter
Right : 24-hour hand
Under : the seconds-counter
